I have gotten a follow-up question/request related to our response to the letter on Sheboygan (as it makes its way through the AO/OCIR review)- wondering if R5 has had any specific efforts with the state on Sheboygan attainment/monitoring/whatever related to ozone that we might report on in our response?

Could you send this along to the right air people in R5 to see what they might have to say? I'd guess a sentence or two would be nice, if there is something there to say.

Thanks,
Matthew

Apologies to you all- the OAQPS people circled up and agreed that they should get it assigned to them, so it'll go through me here at HQ. Our great folks in the Correspondence Unit had already reassigned to you all in R5, so please just ignore for now and I've already put in a request to have it re-assigned back to me.

Sorry for the mix-up and thanks for your patience!
 Matthew

Hi, Matthew. Our air office talked to oaqps this morning and oaqps (Anna Wagner, I believe) said HQ should respond. So you may want to check with oar again?

Denise,
 Thank you for cc'ing me on that note so I would have a heads up about this!

Today, I got assigned the incoming letter in CMS for response, which I believe is a routing mistake. Given that it is about a specific location designation in R5, I believe it makes the most sense for you all in R5 to be the ones assigned the response to Sen. Johnson and Rep. Grothman. This has been the usual way of handling things, and also what OAQPS suggested to me moments ago. I'll plan on having it re-assigned to R5 unless I hear back that we need to discuss. Feel free to give me a ring.

Thanks,
Matthew

This letter, sent Feb 10 was sent to the Administrator's office by Sen. Johnson and Rep. Grothman. It is now generating a bunch (over a dozen today) phone calls from citizens mainly urging us to not follow the recommendations in the letter. We are compiling the calls and will discuss how to respond. Just wanted everyone to know what was going on.

Hello-

I have attached the letter our office, along with Rep. Grothman, sent to Acting Admin. McCabe. Today, our office sent an e-mail out to some residents of Sheboygan County letting them know we sent the letter to EPA, however there is no mention that they should call the EPA. I would suspect that the calls are coming from that, since the letter was sent Feb. 10.

One of my coworkers gave me a message that Anna Wagner from EPA called on the same issue, but I haven't reached out to her yet. Please let me know if you have any questions.

Tyler

Hi Tyler,

It was nice meeting you in Milwaukee a couple of weeks ago. We are getting some citizen calls regarding a letter that Sen. Johnson sent to the EPA about Sheboygan County air quality. Would it be possible to get a copy of that letter? It will help us to respond.

Thanks,
John Mooney
